Ganpati Kumar Sah

AI/ML Engineer | LLMs, RAG, Python

contact@ganpatikrsah.site
+91 7479965766
Bengaluru, Karnataka, India
github.com/Spark-of-Sun

SUMMARY

- AI/ML Engineer with a strong foundation in Python, machine learning, and end-to-end application development.
- Experience with LLM-powered applications, Retrieval-Augmented Generation (RAG) systems, and agent workflows.
- Interested in prompt engineering, token optimization, and scalable backend integration.

SKILLS

• Python • Java • TypeScript • C • LLMs • RAG • AI Agents • NLP • Prompt Engineering • Token Optimization
• Embeddings • Model Evaluation • FastAPI • LangChain • PyTorch • TensorFlow • Scikit-learn
• Hugging Face Transformers • Next.js • Git • GitHub • Docker • Redis • PostgreSQL • Qdrant • Composio
• Postman • Jupyter Notebook • VS Code

PROJECTS

Legal/Medical RAG Q&A System | Python, FastAPI, Next.js
LLMs, Qdrant, PostgreSQL — Jun 2026 – Present

- Answers questions over legal and medical documents with citations tied to source passages, lowering hallucination risk in compliance-sensitive settings.
- Services for retrieval, generation, and citation validation run separately on FastAPI, with hybrid search and tenant-level access isolation.
- A compression and caching layer fits 200+ page documents inside a fixed token budget, cutting cost and latency.

Configurable Personal AI Agent (CPAA) | Python, FastAPI
LLMs, Composio, Redis, PostgreSQL — Dec 2025 – Present

- Personal AI agent that handles tasks through natural-language commands across WhatsApp, Gmail, Google Calendar, Google Meet, and Slack.
- Modular FastAPI backend with LLM-driven orchestration, Composio integrations, WhatsApp webhooks, authentication, and account-linking workflows.
- Memory services, Redis session caching, PostgreSQL persistence, and event-driven triggers keep conversations contextual and support cross-platform task automation.

TRAINING

Technical Training | TNS India Foundation
Bengaluru, India — Aug 2026 – Oct 2026

- Covered Python programming, machine learning, and soft skills.

EDUCATION

B.E. in Computer Science and Engineering (AI & ML) | CGPA: 7.62
AMC Engineering College, Bengaluru, Karnataka, India — Sep 2023 – Present

Class XII (CBSE), PCM with Computer Science | 72.0%
Delhi Public School, Siliguri, West Bengal, India — 2020 – 2022

Class X (ICSE) | 90.6%
St. Augustine's School, Kalimpong, West Bengal, India — Completed 2020
